**Application: Nurse position at St. Annes Hospital**

Dear Hiring Manager,

I am expressing my sincere interest in the staff nurse position at your esteemed healthcare facility, as we are relocating to London. Currently employed as a Staff Nurse in Nottingham, I am eager to bring my skills, dedication, and patient-centred approach to a new challenge in London.

With a Nursing degree from Plymouth and 10+ years of experience in nursing, I have developed a solid foundation in patient care, clinical procedures, and interdisciplinary collaboration. My current role has equipped me with the ability to handle a diverse caseload, providing compassionate care while maintaining a commitment to excellence.

In my current position, I have demonstrated proficiency in assisting adult patients with acute and chronic medical conditions, including but not limited to medication administration, patient assessment, and care planning. Furthermore, I have mentored junior nurses and actively contributed to implementing best practices within the team. I am confident that my experience and strong communication and organisational skills make me an ideal candidate for the staff nurse role at St. Annes Hospital.

I am excited about the prospect of contributing to the high standard of patient care at your facility and am eager to discuss in more detail how my skills and experience align with your needs.

Sincerely,

Jo Brown
