Work Experience

Lead Fashion Designer
Fashion Forward Creations
2020 - Present

Lead a team of junior designers, providing mentorship and guidance to foster creativity and innovation within the design department. Collaborate closely with the production team to ensure the seamless transition from concept to finished product, maintaining strict quality control standards. Conduct market research to stay current with emerging trends, materials, and techniques.

- Achieved a 15% reduction in production costs through sourcing alternative, sustainable materials.
- Spearheaded the design and development of the Spring/Summer and Autumn/Winter collections, which received critical acclaim and resulted in a 40% increase in sales.

Senior Fashion Designer
Chic Couture Ltd.
London, UK, 2015 - 2020

Managed a team of eight seamstresses and tailors, overseeing the production process to ensure the highest quality standards. Partnered directly with clients to create bespoke designs, resulting in a loyal clientele base and numerous referrals. Developed and maintained relationships with textile suppliers, negotiating favourable terms and ensuring a consistent supply of premium materials.

- Promoted through a series of roles with increasing scope and responsibility.
- Received industry recognition and awards for the launch of the sustainable couture line, establishing the brand as a leader in environmentally-conscious fashion.
- Implemented cost-effective sustainability practices in the production process, contributing to the company's commitment to eco-friendly fashion.
- Played a pivotal role in expanding the company's market presence by participating in high-profile fashion shows and collaborations with other renowned designers.

Education

Bachelor of Arts in Fashion Design
London College of Fashion, 2014
