Auto Training Solutions, 2019

Health and Safety in the Automotive Workplace
The Learning Station, 2018

Work experience

Motor Mechanic, Burrow Auto Repairs | London, UK, 2020 – Present

Diagnose and repair mechanical issues in various vehicle types, including passenger cars, vans, and light trucks, ensuring a high first-time fix rate. Perform routine vehicle maintenance, including oil changes, brake inspections, and tire rotations, to keep vehicles running smoothly and efficiently. Troubleshoot and resolve electrical system faults, utilising advanced diagnostic tools and wiring diagrams. Conduct thorough pre-purchase vehicle inspections, providing detailed reports to customers to assist with purchasing decisions.

- Achieved 90%+ first-time fix rate with advanced diagnostic tools.
- Awarded "Expert pre-purchase vehicle inspector" by providing detailed reports while maintaining a clean and safe workshop environment.

Motor Mechanic Apprentice, Eds Auto Garage | Manchester, 2018 – 2020

Assisted senior mechanics in diagnosing and repairing vehicle issues, gaining valuable hands-on experience in various automotive systems. Performed routine vehicle maintenance tasks, such as fluid checks, filter replacements, and tire inspections. Developed skills in tire mounting, balancing, and wheel alignment procedures.

- Gained knowledge of various diagnostic scan tools and engine analysers to identify faults efficiently.
- Actively pursued ongoing training in automotive technologies and improved repair efficiency and knowledge sharing among colleagues.
