## Work Experience

### Senior Environmental Manager

EY Environmental Solutions, London, UK | 2018 - Present

Lead a team of 15 environmental professionals in developing and executing sustainable initiatives. Oversee environmental impact assessments for major construction projects, ensuring compliance with all relevant regulations and standards. Collaborated with external stakeholders, including government agencies and non-profit organisations, to facilitate sustainable practices and build positive relationships within the community.

- Increased the adoption of sustainable practices by 30% within one year, resulting in a 15% reduction in the company's carbon footprint and a cost savings of £500K annually.
- Established partnerships with 10 government agencies and 5 NGOs, resulting in a 20% increase in community support and a 10% reduction in public complaints related to environmental issues.

### Junior Environmental Specialist,

Green Earth Consultants, Manchester, UK | 2015 - 2018

Assisted senior environmental managers in conducting environmental assessments for commercial and industrial clients. Conducted site inspections to monitor environmental practices and identify potential areas for improvement. Compiled and analysed data related to air and water quality, noise pollution, and wildlife preservation to support decision-making processes.

- Contributed to the development of environmental impact reports, presenting findings and recommendations to clients and regulatory authorities.
- Participated in community outreach programs to raise awareness of environmental issues and promote sustainable practices.
