Courses and certificates

- Welding Inspector Certification, The Welding Institute, 2019
- Health and Safety in Welding, Institution of Occupational Safety and Health (IOSH), 2018
- Coded Welder Certification, The Welding Institute, 2018

Skills

- TIG welding
- MIG Welding
- Arc Welding
- Blueprint Reading
- Metal Fabrication
- Welding Inspection
- Quality Control
- Health and Safety Compliance

Languages

English - Native
French - B2

Awards

- Employee of the Month, Sheffield Steelworks Ltd, 2021
- Excellence in Welding, Sheffield College, 2018

Oliver Parker

Seasoned Welder with 3 years of experience in metal fabrication and welding techniques. Proficient in metal inert gas (MIG) welding, tungsten inert gas (TIG) welding, and arc welding, focusing on precision and quality. Skilled in interpreting blueprints and executing precise welds. Seeking a medior role to apply expertise in metalworking and contribute to the organisation's growth.

Work experience

Junior Welder, Sheffield Steelworks Ltd, Sheffield, 2021 - Present

Perform MIG, TIG, and arc welding on various metal components and structures. Interpret technical blueprints and weld symbols to meet project specifications. Collaborate with a team of welders, ensuring adherence to quality standards.

- *Assisted a Welding Team Lead in completing a high-profile construction project with a 20% reduction in project completion time.*
- *Contributed to a 45% increase in customer satisfaction by consistently delivering high-quality welds.*
- *Reduced weld defects by 10% by implementing new welding techniques and procedures.*

Trainee Welder, Northern Metal Fabrications, Leeds, 2020 - 2021

Conducted MIG and TIG welding on metal components for industrial machinery. Inspected welds for accuracy and completeness, making necessary adjustments. Collaborated with engineers to ensure welded components met design specifications.

- *Developed expertise in blueprint reading and accurately interpreting technical drawings to identify relevant dimensions and information for simple welding tasks.*
- *Contributed to the fabrication of bespoke metal structures for a local art installation, resulting in a 25% increase in customer satisfaction.*
- *Gained proficiency in TIG welding, successfully completing complex welds on thin-gauge metals and intricate joints.*

Education

City & Guilds Level 3 Certificate in Welding and Fabrication, Sheffield College, 2019

GCSEs, Sheffield High School, 2018

- **Relevant subjects:** Physics (A), Chemistry (B), Biology (A)
